

**FEYCO
TREFFERT**

Our vision is to be seen and felt
on wood all around the world.

Worldwide at your service

Your partner for wood coatings

FEYCO TREFFERT derives from FEYCO AG and the TREFFERT Group. Two former sister companies that have vast experience in providing coating solutions for wood.

- With locations in Germany, Switzerland, China, Malaysia and the USA
- 380 dedicated employees worldwide
- we produce more than 30,000 tons per year
- for over 9,000 customers

The FEYCO AG and TREFFERT Group are part of the Looser Holding AG, an international industrial holding company headquartered in Arbon, Switzerland.

The background of the slide is a close-up photograph of a wooden surface, showing vertical wood grain and several knots. In the top right corner, there is a dark brown square logo with the text 'FEYCO' in white above 'TREFFERT' in white.

Over 100 years experience

FEYCO
TREFFERT

FEYCO AG and TREFFERT Group

FEYCO AG has over 100 years of experience. Over the years, the product portfolio grew as the following companies were acquired and integrated in the FEYCO organization: Otto Weibel AG, Wenger AG, Pentol AG and Nobs AG. This made FEYCO AG a leading manufacturer of wood coatings, especially in Switzerland and Europe.

The TREFFERT Group is an internationally active company for over 75 years with offices in Alzenau (Germany), Shanghai (China), Johor Bahru (Malaysia) and Charlotte (USA) and a global network of agents and distributors.

Your benefits at a glance

- **Global, solution-oriented partner**

Your partner for long-term success with a broad product portfolio and know-how in wood coatings solutions and global coverage.

- **Dedicated employees**

Highly qualified, engaged experts offer you advice and practical help.

- **Excellent services**

Let us help you make a difference with our technical service, color styling and marketing support.

- **Optimized m² solution**

We optimize your benefit-cost ratio for each m² you produce.

- **Fast response times**

State-of-the-art research, development and application labs will shorten your innovation leadtime and minimize production downtime. Coupled with our global presence we provide fast response times in service and logistics – wherever and whenever you need it.

- **Sustainability**

Our coating solutions meet the highest standards of quality. We drive our industry to become environmentally friendly, ultimately making sure your products add to a healthy living environment and help you make a verified ecological claim.

- **Training programs**

With a wide range of training programs and customized workshops in all application areas, you are kept abreast of the latest trends and technologies.

Innovative developments and efficient production

For various applications

From craftsmanship to lean industrial manufacturing – we cover a full range of coating application systems with the following product portfolio:

- Wood stains
- Oxidative drying oils
- UV-curing varnish and oil systems
- Water-based and solvent-based 1K and 2K paint systems
- Care products and accessories

We aim to be at the forefront of innovation in application technology and constantly adapt our production processes for better efficiency.

Doors

Furniture/Interior

Floors

Exterior

Doors

For all your door finishing requirements, we help leading door manufacturers globally to create the best value finish for money.

Covering all application technologies, such as, roller, curtain, spray/robot-spray and vacuum coatings.

Industrial coatings for:

- interior doors (white or colored)
- printed doors
- door skins and frames

Furniture/Interior

From high-end wood craftsmanship to industrially applied finishing processes, we offer a full range of coating systems and solutions to fit your needs.

We are at the forefront of innovation when it comes to coatings solutions for manual spraying, robot spraying, roller and vacuum coating technologies.

Finishing solutions for all your interior needs:
